Ref: Installation of UASB Digester to treat Spent Wash
Date : July 21, 2014

This is to certify that M/s. United Envirotech Pvt. Ltd., a Pune based company has successfully designed, installed and commissioned the Effluent Treatment Plant based on UASB process to treat 900 m3/day flow at Our Plant at Chitali, Maharashtra

The designed system is user-friendly and giving satisfactory results since the commissioning of the plant i.e. from April 2013. The performance of the plant is up-to our fullest satisfaction.

We wish M/s. United Envirotech Pvt. Ltd., all the success in their future.
