**To Whomsoever it may Concern**

We are pleased to certify that M/s. United Envirotech Pvt. Ltd., Pune has successfully installed and commissioned the Pilot Plant on Mycelium Waste.

It has been established that Mycelium Waste can be anaerobically treated and expected COD reduction (94 - 98%) and proportionate biogas generation can be achieved during the treatment.

The performance of the Pilot plant was up to our satisfaction.

We wish them all the success for their future ventures.
