To Whomsoever It May Concern

Ref. : Installation of Bio-Digester on Distillery Spent Wash.

This is to certify that M/s. United Envirotech Pvt. Ltd., a Pune based company has successfully completed and commissioned Bio-digester on UASB process for the treatment of distillery spent wash. The digester is operated without dilution water and we are getting better COD reduction and gas generation than guaranteed.

The designed system is user-friendly and giving satisfactory results since the commissioning of the plant.

We wish M/s. United Envirotech Pvt. Ltd., all the success in their future venture.
